On Computer Security Day, Madhyanchal Gramin Bank wishes all its customers safe and secure banking

When it comes to choosing a bank for on-line transactions there are lots of things to consider...

the most important is
SECURITY!

For Secure Online Banking:

- Your password should be strong and should contain alphabets, numbers and special characters (like !@#\$%^&* ,)
- Never share your password with anyone, not even with your family members.
- Beware of Phishing e-mails. Bank will never ask you for confidential information like your password, account details, card no, PIN etc. Forward any such e-mail to report.phishing@sbi.co.in.
- Avoid accessing your online banking site from public places.
- Look for the  symbol at the lower right hand corner of the browser to ensure transaction with secure site.

For Secure ATM Usage:

- Do not keep ATM card and PIN together.
- Never lend your ATM Card or divulge your PIN to anyone.
- Never accept offers of assistance from strangers; ask bank for help
- Shield the ATM keypad from anyone who may be standing nearby or crowding you in an attempt to view your PIN and/or transaction.
- Contact bank on helpline 1800 30000 620 to block your card immediately, if it is lost or stolen.
- Change your PIN immediately if you suspect it to be known to unauthorised person(s).
- Do not use the ATM, if you feel "crowded" or unsafe. Come back later.
